

Maharaja Ranjit Singh Punjab Technical University, Bathinda

Purchase of Equipments for Instrumentation and Measuring Devices Lab at PIT GTB Garh

Name of Work:

Name of Agency

Sr. No.	Description of Item	Qty.	Unit
1	To study the input output characteristics of a potentiometer and use a potentiometer as an error detector	2	No.
2	To measure insulation resistance by Megger	2	No.
3	To measure earth resistance by Earth Tester	2	No.
4	To observe phase sequence of three phase circuit using rotating type phase sequence indicator	2	No.
5	To measure frequency of AC supply using Weston Frequency Meter	2	No.
6	LVDT Trainer Kit	2	No.
7	RTD Trainer Kit	2	No.
8	Light measurement using LDR and photo cell sensor	2	No.
9	Water level measurements using capacitance transducer of a liquid in a tank	2	No.
10	Velocity measurements using air flow transducer	2	No.
