10	Curriculum focuses to develop your ability to compete at Corporate/National/International levels.	30	6	18	1	1	4	0

**Analysis :**

**Observation of feedback analysis committee:**

The length of the course is adequately matched with the scope of the curriculum. Nonetheless, it has been noted that slight adjustments are needed to improve the curriculum and strengthen students' capacity to compete successfully on a national and worldwide scale.

**HOD** 

**Faculty 1**

**Faculty 2**

In order to create a curriculum that prepares students for competition on a national and worldwide scale, suggestions have been gathered from students, parents, alumni, industries, and research institutes. Experts from academia and business will contribute to the curriculum's updating and revision, guaranteeing its applicability and conformity to contemporary demands.
