Matriculation	P.S.E.B	2006	S.S.D. Public High School, Bathinda (Pb).	68%

## Thesis Work

### SPURIOUS MINUTIAE REMOVAL USING QUANTIZED EUCLIDEAN DISTANCE APPROACH:-

My Thesis work is based on the performance of removal of spurious minutiae in fingerprint which is real number of bifurcations and terminations to the false number of bifurcations and terminations. The accuracy of the technique is shown with the ratio of the real versus spurious minutiae.
