

Performance of the Institution in one area distinctive to its priority and thrust

- Till 1988 only two private technical education institutes Thapar Institute of Engineering and Technology (TIET) Patiala and Guru Nanak Dev Engineering College Ludhiana were there in Malwa region of Punjab to impart technical education. No government funded institute was there where students from all strata of society could get education. With an aim to impart affordable and quality technical education among the students in this region, the Government of Punjab established Govt Engineering College, Bathinda in 1989. In 1992 the GEC was extended autonomous status as College of Engineering & Technology, Bathinda. The college was renamed as Giani Zail Singh College of Engineering and Technology as a mark of respect for the former president of India in 1995. With spontaneous upswing in demand for quality Technical Education, burgeoning pressure on the Premier Technical University of Punjab, Punjab Technical University, Kapurthala, to mitigate regional imbalance in distribution of Temples of quality Technical Education in the State, for exponential socio-economic growth of the Malwa region, to bridge the gap between demand and supply of employable technical human resource, exigency for creation of a new State Technical University in Punjab was realized. Consequent upon this Maharaja Ranjit Singh Punjab Technical University (MRSPTU), Bathinda (Erstwhile Maharaja Ranjit Singh State Technical University, Bathinda) was established by Govt. of Punjab vide Punjab Act No. 5 of 2015 notified through Punjab Government Gazette-Extraordinary (Regd. No. CHD/0092/2015-2017) notification No. 5- Leg./2015 dated 12th February 2015 and registered with UGC u/s 2(f).
- In the pursuit of creating excellence in Teaching, Research and Skill Development and to promote the University to attain highest standards by following and conforming to norms/standards policies laid down by the All India Council for Technical Education, New Delhi and University Grants Commission, New Delhi, Technical institutions of eleven districts of Punjab have been affiliated to MRSPTU with effect of 1st July, 2015 including Barnala, Bathinda, Faridkot, Fatehgarh Sahib, Fazilka, Ferozepur, Mansa, Moga, Patiala, Sangrur and Sri Muktsar Sahib.

The objectives of this new Technical University at Bathinda are to provide, upgrade and promote Quality Technical Education, Training and Research in Technical Education to create entrepreneurship and a conducive environment for the pursuit of Technical Education in close cooperation with industry. The campus is established in 146 acre with beautiful landscape and state of the art laboratories, computer center, library and workshops, the institute stands out as an exceptional center of education. The university campus provides education in various disciplines including Pharmaceutical, Food technology, Chemistry, Mathematics, physics and Business management. It offers B.Sc, B. Pharma, M.Sc, MBA, M. Parma and Ph.D in different disciplines. To maintain the rich legacy of GZSCCET was established as Campus College providing education in Engineering and Architecture courses which are duly approved by AICTE and CoA. This college, along with its highly qualified, experienced and dedicated faculty is continuously striving hard to achieve excellence in imparting technical education. A rich legacy of the college is being carried on by well-placed alumni of last 26-passout batches spread over the whole world as successful entrepreneurs, administrators, researchers, academicians, working engineers and architects are icons of our humble contribution to the Nation. Over

the passage of time, the institute has expanded both horizontally and vertically where it offers B.Tech programs in Civil Engg, Electrical Engg, Mechanical Engg, Electronics & Communication Engg, Computer Engg. & Textile Engg. Besides 5-year B.Arch. program and M.Tech programs and PhDs in disciplines of Engg& Architecture at GZSCCET campus The mission of the Institute is to provide efficient and competent professionals in the service to society and mankind.
